### B. Juveniles

- b. At the age of 16, they will be issued an adult Library card number and will then be allowed access to the entire Library collection.

### C. Other Libraries' cards

The Bement Public Library will honor the universal cards issued by member libraries of the Illinois Heartland Library System and cards from other systems participating in the inter-library loan system.

### D. Nonresidents

Bement Public Library does not currently offer non-resident cards, but will honor a non-resident card from other libraries in the IHLS system.

### E. Unattended Children

- 1) The Library cannot act in loco parentis and is not responsible for the safety of children left unattended in the Library.

- 2) Children not yet in kindergarten may not be left unattended by a non-guardian adult in the Library with the exception of attendance at Library programs planned specifically for young children.
- 3) School-aged children can be left unattended for a reasonable period of time.
- 4) Parents who arrange for their children to be at the Library are expected to make arrangements to ensure their children are quietly busy and occupied and not simply hanging out. Regular use of the Library for this purpose is unacceptable.
- 5) In situations where policies are abused, the staff will take appropriate action. This may include contacting parents, or if necessary, legal authorities.
- 6) Library staff may NOT provide transportation for children left unattended at the Library.

## F. Patron Confidentiality

Whereas the Board of Trustees of the Bement Public Library District believes it is in the best interest of its patrons, residents, and taxpayers to preserve the confidences of its library users,

### Section 1.

It is the policy of the Bement Public Library District to preserve the confidentiality of the registration and circulation records of its patrons to the fullest extent permitted by law. Information regarded as confidential in patron records includes name, address, telephone number, and any other information provided on the patron registration card and circulation record. Additionally, library staff may not disclose whether or not a person has a library card.

### Section 2.

Circulation records and other records identifying the names of library users with specific materials hereby are recognized as "confidential" in nature, and access thereto is hereby restricted to library staff, as hereafter provided for.

### Section 3.

The Library may use registration information to distribute library-related information to registered borrowers. However, registration and circulation records will not be made available to individuals (other than the patron him- or herself), groups, or businesses. These records will not be made available to any

local, state, or federal agency, or to any private individual (e.g., an attorney), except pursuant to a court order as may be authorized under the authority of and pursuant to federal, state, and local law. (Note: Usually a subpoena in Illinois is inadequate for disclosures of confidential information. However, a subpoena may be issued by the U. S. Attorney General under the provisions of the USA Patriot Act.) In all such instances, the library's legal counsel may be consulted or advised of issues related to patron confidentiality.

#### Section 4.

The general and specific provisions of this policy are intended to be in accord with the Illinois Library Records Confidentiality Act (75 ILCS 70/1). All library staff and employees are hereby advised that such records shall not be made available to casual members of the public, the press, or to any agency of state, federal or local government, except pursuant to such process, order, or subpoena as may be authorized under the authority of and pursuant to federal, state, or local law relating to civil, criminal, or administrative discovery procedures of legislative investigatory power.

#### Section 5.

Library staff shall observe the following procedures: Any employee of the Library who receives a request, or who is served with a subpoena, court order, or search warrant, to release or disclose any library record shall promptly notify the Library Director. The Library Director, in a timely manner, shall review all requests and orders, consult with the library's attorney as necessary, and respond in an appropriate manner to each request and order. If a request or order is not in the proper form, or if good cause has not been shown, insistence shall be made that such defects be cured before any records are released.

#### Section 6.

In the immediate absence or unavailability of the Library Director, all requests for information will be referred to the Assistant Director, who will notify the Library Director of the circumstances, and of any actions taken, as soon as possible. On receipt of any legal process, order, or subpoena, the library staff member in charge will immediately consult with the President of the Board and an attorney to ensure that (a) the document is in proper legal form; and (b) there has been a proper showing of good cause for its issuance, in a court of administrative body of competent jurisdiction. Until the legality of such process, order, or subpoena has been affirmatively shown to the satisfaction of an attorney, the Library will resist its issuance or enforcement until any such defects have been cured.

## Section 7.

In the event that an urgent request by a sworn law enforcement officer states that it is impractical to obtain a court order as a result of an emergency situation, and there is probable cause to believe there is imminent danger that someone will be physically harmed, the information requested, limited to only identifying a suspect, witness, or victim of crime, but not including any registration or circulation records that would indicate materials borrowed, resources reviewed, or services used at the library, shall be provided to the officer if the attached form is fully completed and signed by the officer.

This policy shall be in full force and effect immediately upon its passage, and any prior resolutions or policy statements to the contrary are hereby repealed; and should any part hereof be found invalid or unconstitutional, that portion shall be severable herefrom and shall not affect the validity of the remaining portion.

## G. Community Engagement, Networking, Outreach, and Programming Policy

Public libraries are encouraged by our State Libraries and professional associations to partner with other community organizations and businesses in order to create relevant library programs, understand the needs of our communities, and create relevant services. Bement Public Library staff may attend community meetings, serve on boards and coalitions, and partner with organizations and businesses to produce programs and resources within the library's mission to provide resources and services to support the educational, informational, cultural, and recreational needs of our community. Designated library staff may choose whether to produce or co-sponsor programs and participate in organizational opportunities at their discretion under the guidance and supervision of the Library Director, overseen by the Library Board, in accordance with the library's mission, policies, needs, time constraints, and budget. At times, library staff may need to limit their level of participation, and select which programs to host or co-host, within the parameters of those same constraints.

Opinions expressed or implied by program speakers or within program content do not necessarily reflect the viewpoint of the library itself, its staff, Board, or other stakeholders. Likewise, opinions expressed by library staff do not necessarily reflect opinions of the entire institution.

The library makes every effort to share accurate information, and professional advice may be offered as a public service. However, such advice is not an

endorsement by the library, and the library is not responsible for any errors, omissions, or interpretations of information and/or advice garnered through library participation, nor for any actions taken in response to such advice or information.

Speakers from community groups and businesses may be invited to present programs on topics of general interest or of a timely nature. Presenters may not directly solicit business before, during, or following the program, although cards and brochures may be left on display for attendees to pick up. Fundraising for a nonprofit project or organization may be an aspect of a program, but not as a price of admission or barrier to full participation. Likewise, an author or artist may be invited to provide books or artwork for sale in conjunction with a library program, but a purchase must not be required.

When the library sponsors or co-sponsors a program it must be free and open to the public (with some exceptions for cost-recovery). The library must be listed as a co-sponsor on all promotional material. The library has the right to produce and/or oversee program content and promotion, and to promote the program.

When a program is hosted on the library's online platforms the library will not share the names and contact information of program participants with partner organizations, but may share anonymous demographic information and responses. Partner organizations may request (but not require) personal information directly from participants on a voluntary opt-in basis.

The library reserves the right to publicly share, post, circulate, store, or discard recorded program content and associated ephemera within the parameters of contractual agreements, copyright limitations, and other applicable laws. Co-sponsoring organizations may link to, share, post, and circulate such recordings and ephemera as well (in accordance with the above-listed parameters) for as long as the library maintains them. The library is under no obligation to permanently store content in any format.

The Bement Public Library may stream and archive many programs online via various social media platforms. Those who participate in programs that are streamed (in whole, or in part) agree to allow all content presented to be broadcast and stored online (within the confines of the above-listed parameters). Presenters must ensure that all content presented (in person and/or virtually) is in compliance with public performance rights and copyright law. Presenters should be aware that sharing content online may be considered a form of publication.

All library programs are subject to being photographed, and potentially recorded. Any participant who wishes to avoid being photographed or recorded by the library and/or press, with photos and recordings potentially posted online or elsewhere, should alert the library staff member in charge of the program. The library will then make an effort to avoid taking or posting those photographs or recordings of that person if possible, and will attempt to communicate the issue with any known members of the press present at the program. However, the library is a public venue and all library events, regardless of location, are open to the public. In the age of social media, the library cannot guarantee that no one

will post photos and/or recordings of people present at any public venue or event at any given time.

The library strives to provide inclusive and equitable access to diverse viewpoints and, in doing so, cannot promise to avoid controversial subject matter in any context. In the course of community engagement library staff are not expected to avoid participation in groups that engage with issues that may be “politicized” in public discourse, in the colloquial sense. Although library staff may learn about legislative issues and build relationships with legislators in the context of their work, they are prohibited from arguing for or against specific legislation while representing the library. While on the clock, or acting as a representative of the library, library staff are prohibited from attending political rallies and engaging in political activities; again, “political” is to be interpreted in the literal sense, rather than in the figurative, colloquial, or topical sense. However, staff are free to engage in such activities on their own time. In the case of political forums hosted by the library, all registered candidates must be invited to participate. Legislators and candidates are welcome to participate in library programs, but not to campaign or solicit campaign funds at or through the library individually.

All participants in library activities are expected to abide by the library’s Patron Conduct Policy as well as all other library policies, as well as local, state, and federal laws.

## Section V: Expectations of Patron Conduct

### A. Rules of Conduct

The Bement Public Library is available to all users. These “Rules of Patron Conduct” protect the rights of individuals to use the Library materials and services in an atmosphere conducive to an educational and/or recreational setting, to protect the rights of the staff members to conduct Library business without interference, and to preserve materials, collections, and facilities.

- g. Any conduct deemed by the Library Director or Staff to be inappropriate for a Library or public setting.

## B. Remedies for Violations of Rules

- a. The Patron shall be advised of the Rules of the Library and what behavior by him or her is in violation of said rules. Patrons in violation of the rules will be verbally reminded and given a written copy of the Patron Conduct in the Library Policy.
- b. If a Patron refuses to comply with the Rules of the Library after such reminders have been offered, the Patron will be asked to leave the Library and the following actions will be taken by the Library Director:
  - i. Patrons may have their Library privileges suspended for up to one year.
  - ii. Patrons who have had previous suspensions may have their Library privileges permanently revoked.
  - iii. The Library may notify Illinois Heartland Library System of the suspension or revocation of the Patron's Library privileges with the Library.
  - iv. The entry into the Library of any patron who is suspended or whose privileges have been revoked shall constitute a Trespass to Public Property. The patron will be asked to leave by the Library staff and upon failure to leave, legal assistance may be called.

## C. Enforcement

- a. The Library Director is responsible for the enforcement of these rules of patron conduct. He or she will:
  - i. Issue the written notices of violation
  - ii. Keep a record thereof
  - iii. Upon a second offense, determine the seriousness of the offense and the appropriate mitigation.
  - iv. Issue the written notice of suspension or revocation to the patron.

- b. The written notice will inform the patron of the rule or rules violated and the factual basis of the violation.
- c. The written notice will inform the Patron of his or her right to appeal the decision of the Director to the Library Board or a subcommittee thereof, the procedure for appeal, and the time limit to appeal.

- d. The written notice will be hand delivered to the Patron or mailed to the last known address with first class postage, pre-paid. The notice shall be deemed 'received' on the date of delivery if served personally or on the date of mailing if served by first class mail.

## E. Appeals

- a. Within 10 days of the date of service of the written notice of suspension or revocation, the Patron may appeal the determination of the Library Director to the Library Board, or a designated subcommittee thereof. An appeal may be instituted by mailing or delivering a letter requesting said appeal to the Library. Failure to appeal within the forgoing time limit shall constitute a waiver of the Patron's right of appeal. Upon receipt of the appeal, the Library Board or subcommittee thereof shall set a date for a hearing. At said hearing, the Patron and the Library Director may present evidence relevant to the violation.
- b. At the close of the hearing, the Library Board or subcommittee thereof, shall issue a written decision. The decision shall include a finding of facts, a statement of the rule or rules violated, and a decision affirming, reversing or modifying the decision of the Library Director.

## F. Visibility of Rules

- a. A copy of these rules shall be prominently posted at the Library and on the Library website, and will be made available to any Patron upon request.

## E. Technology Lifecycle Plan

The Director of the Library will establish, in consultation with staff and Board, a Technology Lifecycle Plan to ensure that we are regularly updating computer hardware and other equipment in a timely fashion. The plan will be designed to make budgeting and future planning easier.

This plan should include but is not limited to the following components:

- 1. Public facing computers
- 2. Staff computers
- 3. Infrastructure (servers and routers)
- 4. Printers
- 5. Copiers
- 6. Fax machine
- 7. Telephones
- 8. Laminators
- 9. TV and media players
- 10. Fire Alarm System

This plan should be reviewed by the board every 2 years to assist with budgeting/planning. It should include a unique identifier, the purchase date (month/year) of equipment (if available) and any history as to its maintenance and longevity (e.g. the last copier lasted 13 years), and purchase price. These details should be maintained by the Library Director in a checklist format for ease of use.

## F. Bulletin Board

- a. All material placed on the Library bulletin board must be approved by the Library Director or designee.
- b. All material must be date stamped.
- c. Material should be removed by the person(s) responsible for putting it up. The Library Director or designee will remove and dispose of anything that is not removed in a timely manner.
- d. No material of a political nature may be placed on the Library bulletin board.
- e. No material of a religious nature or promoting a particular church may be placed on the Library bulletin board. However, nonreligious activities held at a church may be advertised.

- g. The Library bulletin board is for community activities and services only (not the sale of items).

## G. Confidentiality of Records

In accordance with the American Library Association's policy on the confidentiality of library records (adopted January 20, 1971), the Bement Public Library recognizes circulation records and other reports identifying the names of library users with specific materials as confidential in nature. Access to these records is restricted to Library Staff, qualified researchers as authorized specifically by the Board, and those members of the general public, as hereafter provided for.

All Library Staff are forbidden to make such records available to casual members of the public, the press, or to any agency of the State, Federal, or Local government, except pursuant to such process, order, subpoena as may be authorized under the authority of pursuant to Federal, State or Local law relating to civil, criminal, or administrative discovery procedures or legislative investigatory power.

On receipt of any legal process, order, or subpoena, the Library Director will consult with the President of the Library Board and the library's attorney to insure that (a) the document is in the proper legal form and (b) there has been a proper showing of good cause of its issuance, in a court of administrative body of competent jurisdiction. Until the

legality of such process, order, or subpoena has been affirmatively shown to the satisfaction of the Library's attorney, the Library will resist its issuance or enforcement until any such defects have been cured.

## H. Capital Asset Plan

The Library Director should have a building/property inspection performed every 5 years to ensure no maintenance issues come as a surprise or are ignored. This inspection should be completed by a qualified licensed inspector. The Library Director and Board will review the results and plan together how to prioritize and remedy any necessary work.

Towards that end, the Library Director shall keep record of all building maintenance and/or construction work, including expected lifecycles and dates of repair or replacement.

## J. Personnel Policies

### a. Director's Compensation Package

- i. The position of Director for the Bement Public Library District is a part-time position. The director is expected to work 30 hours per week.
- ii. While it is expected that the Director attempt to maintain a physical presence at the library during operating hours as much as possible, there is flexibility allowing the director to clock hours during times when the library is closed or to work from the director's home, assuming that doing so is in the library's interest and not for the Director's personal convenience.
- iii. The director will be paid an hourly wage. The minimum starting wage will be 150% of the current federal or state minimum wage (whichever one is higher). Example: If minimum wage is \$15.00, Director's wage will be \$22.50.
- iv. The library board has the discretion to offer a higher than minimum starting hourly wage as stated above based on the Director's educational background and experience. The maximum starting wage would equal 170% of the minimum wage. Example: If minimum wage is \$15.00, maximum wage would be \$25.50.
- v. At the beginning of each calendar year, the Director will receive annual cost of living increases.
- vi. Merit-based bonuses may be given based on the results of annual performance reviews and issued during the last paycheck of the fiscal year. The bonus amount will be determined by the board, with a minimum bonus of \$500.
- vii. The Director will be given two weeks, or 60 hours of paid vacation time during the first two years of employment. During years three

and four, the Director will be given three weeks, or 90 hours, of paid vacation time. During years 5 and up, the Director will receive four weeks, or 120 hours, of paid vacation time.

- viii. The Director will be given 30 hours per year of paid time off for sickness. Unused sick time will roll over and accumulate to 180 hours. Upon cessation of employment, the Director will be paid for 50% of unused hours at their current hourly wage.
- ix. The Director is encouraged to attend professional development. Time spent attending off-site professional development is considered paid work time. When travel is required, the director will be reimbursed for mileage at the federal mileage reimbursement rate. All other expenses related to professional development will require pre-approval from the board.
- x. The library board may offer a stipend to the Director in lieu of employer-provided health insurance and/or retirement benefits.

## b. Leave Time

### i. **Paid Leave (Paid Leave for All Workers)**

Beginning January 1, 2024 employees will accrue 1 hour of PTO (paid time off) for every 40 hours worked, up to 40 hours of PTO per calendar year (prorated for new hires their first year). This PTO can be used for anything (you are not required to specify what you are using your PTO for). You may begin taking your accrued hours 90 days (~3 months) after your hire date. You can accumulate up to 40 PTO hours. You must use these minimally in 2 hour segments.

Non Emergency (that is, a foreseeable occurrence) use of hours should be requested up to 7 calendar days prior to usage. Requests should be made via email to the Director.

Per our usual policy, you should try to find your own replacement worker for the time you want off. This should be put in an email to the Director. If you are unable to find someone, please immediately speak to the Director so arrangements can be made.

If an employee quits or is terminated but rehired within 12 months, their prior accrued but unused hours are reinstated. The employee must be permitted to carry over any unused time to the next 12-month period. Regardless of the amount carried over to the next 12 month period, however, the law only requires an employer to allow an employee to use up to forty (40) hours of PLAW time each 12-month period.

The Bereavement PTO employees receive is a separate account from the PLAW accrued hours. You do not need to use your PLAW PTO in the event of a death unless that time is not covered by the Bereavement policy.

Independent contractors do not accrue PTO. The Director has negotiated his/her PTO with the board, independent of these accrued hours.

**Example:**

Craig works 10 hours a week. He will accumulate 1 hour of PTO for every 40 hours worked, so 1 hour of PTO in 4 weeks. Over the course of 1 year of consistently working 10 hours a week (520 hours) Craig will have accrued 13 PTO hours (520 divided by 40).

Diane works 30 hours a week. She will accumulate 1 hour of PTO for every 40 hours worked, so 1.5 hours of PTO every 2 weeks or 3 hours a month. Over the course of 1 year of consistently working 30 hours a week (1560 hours), Diane will have accumulated 39 PTO hours (1560 divided by 40).

Your Director will record your accumulated PTO hours and your used PTO hours and a summary of your balance remaining during the calendar year. These records will be kept on file for at least 3 years. IDOL (Illinois Department of Labor) has access to these records.

This policy will be added to our handbooks/policy manual, be posted in a conspicuous place, and include the following information on how to file a complaint with IDOL for a suspected violation: If the employee believes his employer has not complied with the PLAW Act, the employee can file a complaint with the IDOL; the applicable statute of limitations will be three (3) years from the date of the alleged violation. Complaints can be made to IDOL at <https://labor.illinois.gov/complaints.html>.

ii. **Unpaid Leave**

If an employee needs time off that is not covered by their accrued PTO hours or doesn't fall within the coverage of the Bereavement policy, they can apply in writing (email) for unpaid leave to the Director. Granting of Unpaid Leave is up to the discretion of the Director, based on staffing needs and amount of time requested.

### iii. **Bereavement Policy**

Per the Library Director's discretion, employees may be granted the equivalent of 1 work week paid leave to employees who experience the death of a spouse, domestic partner, son, or daughter. Paid bereavement leave may also be granted in instances of miscarriage or failure-of-adoption for up to the equivalent of 1 work week. The Library Director may grant up to the equivalent of half a work week paid leave to employees who experience a death of others in their immediate family. For purposes of bereavement leave eligibility, immediate family is defined as: mother or father, mother-in-law or father-in-law, sister or brother, sister-in-law or brother-in-law, son-in-law or daughter-in-law, grandmother or grandfather, grandchild, or a relative residing in the employee's home. The Library Director may grant one day paid bereavement leave for the funeral of a relative outside the immediate family.

### c. Jury Duty

All staff members are granted paid leaves for jury duty. They must provide proof of service to the Library Director.

### d. Continuing Education

- i. Continuing Education by the Library Director and staff is encouraged as budget permits. All incurred expenses, including conference fees, room and board and time off will be granted for professional workshops, conferences, meetings, etc. providing the employee can demonstrate the continuing education's pertinence to their job.
- ii. Board members will also be compensated for an expense incurred related to attendance of such meetings. The amount allowed for mileage will be commensurate with the current IRS guidelines of mileage compensation on a per mile basis.
- iii. Employees (including the Director) will report back in writing on knowledge learned and plans to implement new knowledge/processes into the workplace.

### e. Travel Reimbursement Policy

Employees will be reimbursed for mileage incurred in the process of doing library business. Such trips should be approved ahead of time by the library Director. The employee should then turn in a 'receipt' of the mileage incurred, including the date, reason for the trip, and actual miles traveled. The amount allowed for

mileage will be commensurate with the current IRS guidelines of mileage compensation on a per mile basis.

If other expenses are incurred on the trip (such as a meal, parking, tolls, hotel), they may be reimbursed per the Director's discretion. These should be approved prior to the trip.

#### f. Presentation for public relations

- i. Employees of the Library are ambassadors of both the Library and the Village of Bement and are expected to conduct themselves accordingly.
  - Employees are expected to greet patrons in a friendly and professional manner.
  - Employees should strive to help patrons with their research/library needs to the best of their ability, acknowledging their limits but seeking new opportunities for learning for themselves and the patrons.
  - Employees are expected to dress in a professional manner (business casual) and present themselves accordingly.
  - Employees are expected to keep their conversations low enough so as not to disturb Patrons or groups meeting in the Library.
  - Employees are expected to uphold the policies of the Library, regardless of personal opinion. Employees are encouraged to contest policies they find lacking with the Library Director (not with Patrons).
  - The Director of the Library is expected to offer a corrective to poor presentation to employees at his/her discretion, providing this is done discreetly and confidentially. All such interactions should be documented carefully.
  - Employees will refer all media inquiries to the Library Director.

#### g. Emergency Policies

**Safety of patrons and staff is paramount in an emergency.**

### **CALL 911**

- Medical emergency
- Feeling threatened physically
- Accident or illegal activity
- Fire

### **For non-emergency issues:**

- Notify Library Director via text and cell phone (773.241.4188)
- Piatt County Sheriff's office: 217.762.5761

### **For Storm Warnings** (local siren or text notification received):

- Close immediately.
- Instruct patrons and staff to go to the storm shelter (restrooms)
- Bring a cell phone and desk phone with you.

### **Other non-emergency issues:**

- Always feel free to call and/or the Library Director (773.241.4188).
- If you are unable to reach the Library Director, call the Asst. Director (Janet: 217.433.4391).
- At last resort, call the Board (contact list at the circulation desk). This includes facility problems.

### **Patron issues:**

- Staff should direct any disgruntled patron to the Library Director. Please do not give out the Director's personal phone number. Staff may take the patron's info and give it to the Director if the Director is not present at the time.
- Document all incidents and provide copies to the director. Include date, time, persons involved, details of the incident, any remedy attempted.

### **Snow/weather closures:**

- Snow or weather closures will be at the Library Director's discretion.
- If a closure because of inclement weather occurs, signs should be placed at the front door to notify the public. Notifications will be placed on social media as well.
- The Director will notify Staff via text message.
- If it appears that a storm is coming in overnight, place a sign "Closed due to inclement weather" on the doors before you leave. We will remove it if it was unnecessary upon opening.

## Tornado

If the tornado siren sounds:

**Stay calm. Patrons will take their cues from staff. If we panic, they panic.**

The supervisor on duty should make the following announcement:  
*“May I have your attention please? The tornado sirens are sounding. Staff members will direct you to the shelter area in the public bathrooms. I repeat: The tornado sirens are sounding. Staff members will direct you to the shelter area.”*

Staff will then direct patrons to the shelter area. Signs are posted on the bathroom doors.

Staff should check all rooms.

After patrons have moved to the shelters, staff should pull the main door closed, but not lock them. No patron should remain outside the shelter. They must go to the shelter area or leave the Building.

Do everything possible to keep minor patrons from leaving the building, but do not physically restrain them.

## Fire

**Stay calm. Patrons will take their cues from staff. If we panic, they panic.**

The Library has a fire alarm system and it is professionally monitored. While it should alert the local fire department, the supervisor on site should call the local fire department also as a back up.

Fire extinguishers are located in the Boardroom and next to the copy machine. These are inspected annually by professionals. Staff should familiarize themselves with their location and basic use.

Personnel should immediately direct any patrons out of the building to a designated area a safe distance from the fire: Please gather with any patrons at the parking lot at the Catholic Church (directly across the street) for a head count.

If possible, all rooms should be checked for patrons or staff before exiting.

### **Medical Emergencies**

See Narcan and AED policies.

Note that some minor first aid supplies are available in the Director's office in the cabinet above the sink. We do NOT dispense medicines to patrons, other than the emergency use of Narcan.

### **Good Samaritan Policy**

Staff at the Library is not under a duty to perform in medical emergencies, other than to call 911. However, we encourage staff to be educated and help out those in need as they are able.

As such, it is noteworthy that:

*“Under Illinois Law § 745 ILCS 49/67, The General Assembly has established numerous protections for the generous and compassionate acts of its citizens who volunteer their time and talents to help others. This applies to staff applying first aid, Narcan, the use of the AED or CPR. Under this law any person shall not, as a result of his or her acts or omissions, except willful and wanton misconduct on the part of the person in providing the aid, be liable to a person to whom such aid is provided for civil damages.”*

## h. Physical Safety

- i. The Library shall be staffed with a minimum of two employees at all times. The Library will remain closed to the public until both employees are present.
- ii. Staff should remove themselves and notify the police immediately if they feel their personal safety is being threatened.
- iii. Staff should leave the building at night together.
- iv. Staff should report any unsafe work environments (lighting compromised in the parking lot, ice, etc.) to the Library Director. The Library Director will seek immediate remedy.
- v. Staff should be aware of all alarm systems and locations of trigger mechanisms.
- vi. Personal wearable alarm is given to each staff member on a keychain. This creates a sound disturbance if pushed.
- vii. Routine maintenance and testing of alarms will be conducted per manufacturer's recommendations.

## i. Security Camera Policy

### **Security Cameras**

Security cameras are used to enhance the safety and security of library users and staff by discouraging violations of the library's Code of Conduct, to assist library staff in preventing the occurrence of any violations, and when necessary, to provide law enforcement assistance in prosecuting criminal activity.

### **SECURITY CAMERA PURPOSE AND PLACEMENT GUIDELINES**

1. Video recording cameras will be used in public spaces of library locations to discourage criminal activity and violations of the library's Code of Conduct. The recording of audio is restricted under the Electronic Communications Privacy Act and will not be used.
2. Cameras may be installed in outdoor and indoor places where individuals lack a reasonable expectation of privacy. Examples

- include public common areas of the library such as parking lots, entrances, seating areas, service desks, areas prone to theft or misconduct, and areas where money is stored or handled.
3. Cameras will not be installed in areas of the library where individuals have a reasonable expectation of privacy such as restrooms.
  4. Signs will be posted at all entrances informing the public and staff that security cameras are in use.
  5. Because cameras will not be continuously monitored, the public and staff should take appropriate precautions for their safety and for the security of their personal property. The Bement Public Library District is not responsible for loss of property or personal injury.
  6. Recorded data is confidential and secured in a controlled area. Video recordings will typically be stored for no longer than 20 days. As new images are recorded, the oldest images will be automatically deleted.
  7. Regarding the placement and use of the digital recording cameras, staff and patron safety is the first priority; protection of library property is of secondary importance.
  8. Cameras are not installed, nor will they be used, for the purpose of routine staff performance evaluations.

### **USE/DISCLOSURE OF VIDEO RECORDS**

1. Access to the archived footage in pursuit of documented incidents of injury, criminal activity or violation of the library's Code of Conduct is restricted to administrated staff.
2. Those designated staff members may also have access to real-time images, viewable on desktop monitors placed in secure areas to ensure private access. The frequency of viewing and the amount of video viewed will be limited to the minimum needed to give assurance that the system is working or to ascertain if footage is available relative to a specific incident.
3. Access is also allowed by law enforcement when pursuant to a subpoena, court order, or when otherwise required by law.
4. Video images will not be maintained, provided no criminal activity or policy violation has occurred or is being investigated.
5. Video records and still photographs may be used by authorized individuals to identify those responsible for library policy violations, criminal activity on library property or actions considered disruptive to normal library operations as delineated in the library Code of Conduct.
6. In situations involving banned patrons, stored still images may be shared with staff. Shared images may remain posted in restricted staff areas for the duration of the banning period. After the banning period ends, these images will be archived in the director's office.

7. A log will be maintained with name, date, time, and reason for all viewing access including proper maintenance of system, investigation of an incident, pursuant to a subpoena, etc.

### **UNAUTHORIZED ACCESS AND/OR DISCLOSURE**

1. Confidentiality and privacy issues are important to the library. The general public will not be allowed access to the security camera footage unless approved by the director or required by applicable law.
2. A breach of this policy may result in disciplinary action up to and including, dismissal. Any library employee who becomes aware of any unauthorized disclosure of a video recording and/or a potential privacy breach has a responsibility to immediately inform the executive director of the breach.

### **DISCLAIMER OF RESPONSIBILITY**

A copy of this policy may be shared with any patron or staff member upon request.

Questions from the public may be directed to the director.

The library disclaims any liability for use of the video data in accordance with the terms of this policy, given that the library is a public facility and the security cameras shall be limited to those areas where patrons and/or staff have no reasonable expectation of privacy.

#### **j. Health safety**

The Bement Public Library will follow the guidelines of the Piatt County Health Department and the CDC regarding any specific pandemic outbreaks or other urgent health concerns. We recognize that recommendations change quickly as knowledge is gained and reserve the right to update our policies on health issues and interventions as local, state, and federal agencies' recommendations warrant. Public safety and the safety of our employees is our primary concern.

#### **k. Performance Reviews**

- i. The Library Director will receive performance reviews on the following schedule:
  - 3 months after hire date.
  - Annually thereafter.

- And at the Board's discretion.
  - It is up to the discretion of the Library Director to solicit anonymous reviews by his/her staff. These shall be submitted to the Board for their review and to assist in the Board's appraisal.
- ii. The Staff will receive annual performance reviews by the Library Director. The Library Director can then make bonus or merit increase recommendations to the Board based upon these reviews as well as current wage rates and cost of living.

## I. Discipline Policy

Although the immediate purpose of disciplinary action is to correct unacceptable behavior, it is also intended that discipline be viewed as an opportunity to help employees strengthen their work performance and achieve personal growth in the work environment.

Examples of behavior that is subject to disciplinary action, up to and including dismissal are listed below. This is not meant to be a complete list but to illustrate the kinds of actions that are considered to be inappropriate and detrimental to safe and effective library operations.

1. Insubordination or failure to carry out a supervisor's request or to comply with prescribed work rules, guidelines or procedures.
2. Unexcused absence, excessive or chronic absenteeism or tardiness, refusal or failure to work scheduled or assigned hours, over-extending rest or lunch breaks or abuse of leave privileges.
3. Theft, loss, destruction or unauthorized use of library property, including excessive use of library telephones or other equipment to conduct personal business.
4. Willful and/or recurring use of library equipment or resources for purposes, or in ways, that are inconsistent with any of the provisions articulated in the library's policies.
5. Any act of recklessness or poor judgment that endangers the safety, health or well-being of a library patron or another employee.
6. Violence, threat of violence, disorderly conduct of a criminal nature or use of abusive or obscene language while on duty or on library property.
7. Falsification of library information, reports or other documents, including work and payroll records.
8. Failure to perform the duties of the position.
9. Abuse of staff borrowing privileges.
10. Any breach of other rules and regulations set forth within this handbook or within other library policies, or considered necessary for the orderly administration and operation of the library.

11. Failure to comport oneself in a manner that reflects well on the library at work or whenever representing the library at a conference or event, no matter the location.

General guidelines as to the types of discipline that may be imposed are provided below. The discipline administered will depend on the circumstances in each case. A supervisor is not necessarily required to go through all the disciplinary steps described. Depending on the severity of the employee's behavior, discipline may begin at any step in the process, including immediate dismissal. The progressive disciplinary steps and the failure to follow the steps in every situation does not in any way create a contractual right to continued employment.

**Verbal Warning:** In some situations, the supervisor may determine that the most appropriate first step is to discuss problem behavior with the employee. This discussion shall constitute a verbal warning, documentation of which will be placed in the employee's personnel file.

**Written Warning:** The next level of discipline is the written warning, which the supervisor may issue after a verbal warning has been given but the employee fails to correct the problem, or in lieu of an initial verbal warning if the employee's problem behavior is severe enough. A written warning constitutes a formal reprimand. Written warnings may be accompanied by a Performance Improvement Plan (PIP). The employee may be asked to acknowledge receipt of a written warning by signing the library's copy; refusal to sign will be noted. The employee may submit a formal response which will be kept on file with a copy of the reprimand.

**Final Warning:** With the advice and consent of the Library Director, a supervisor may issue a final warning, which is similar in nature to a written warning but clearly informs the employee that failure to take immediate action to correct a problem will result in dismissal. An employee may receive a final warning without any previous verbal or written warnings if the behavior in question is especially detrimental to the library.

**Suspension:** At the discretion of the Library Director, a final warning may include a suspension of up to five working days. A suspension, which is defined as specified time off without pay, is viewed as time away from the work environment for the employee to reflect upon the employment relationship in general, to consider the seriousness of the circumstances which led to disciplinary action and to formulate a plan to correct the problem.

**Dismissal:** The final step in the disciplinary process is dismissal. The Library Director may dismiss any employee whose behaviors or attitudes conflict with the

policies, rules and practices of the library or who fails to respond acceptably to the disciplinary measures described above.

However, as noted above, employment at the library is employment-at-will and as such may be terminated at the will of either the employer or the employee at any time, and for any reason, with or without cause or notice.

Employees are responsible for the return of all library property in their possession. Failure to return library property is a crime and could result in a misdemeanor or felony charge, depending on the value of the property.

### m. Whistleblower Protection

A whistleblower as defined by this policy is an employee of Bement Public Library who reports an activity that they consider to be illegal or dishonest to one or more of the parties specified in this policy. The whistleblower is not responsible for investigating the activity or for determining fault or corrective measures; appropriate management officials are charged with these responsibilities.

An example of an illegal or dishonest activity is a violation of federal, state or local laws or financial wrongdoing. If an employee has knowledge of or a concern of illegal or dishonest fraudulent activity, the employee is to contact the Director or the Board of Trustees.

The employee must exercise sound judgment to avoid baseless allegations. An employee who intentionally files a false report of wrongdoing will be subject to discipline up to and including termination. Whistleblower protections are provided in two important areas -- confidentiality and against retaliation. Insofar as possible, the confidentiality of the whistleblower will be maintained. However, identity may have to be disclosed to conduct a thorough investigation, to comply with the law and to provide accused individuals their legal rights of defense.

The library will not retaliate against a whistleblower. This includes, but is not limited to, protection from retaliation in the form of an adverse employment action such as termination, compensation decreases, or poor work assignments and threats of physical harm.

Any whistleblower who believes they are being retaliated against must contact one of the above individuals immediately. The right of a whistleblower for protection against retaliation does not include immunity for any personal wrongdoing that is alleged and investigated.

All reports of illegal and dishonest activities will be promptly submitted to the Director who is responsible for investigating and coordinating corrective action, or

their designee, in the event they are the accused. Employees with any questions regarding this policy should contact the Director.

## n. Non-Discrimination and Anti-Harassment Policy

Bement Public Library is committed to maintaining a work environment that is free of all forms of discrimination and harassment, including sexual harassment, which are all illegal under the Illinois Human Rights Act (IHRA) and Title VII of the U.S. Civil Rights Act of 1964 (Title VII). In keeping with this commitment, the library will not tolerate discrimination against or harassment of anyone, including any supervisor, employee, vendor, patron, contractor, board member, or other regular visitor of the library. Suggesting or demanding sexual involvement of another individual, whether or not such suggestion or demand is accompanied by implicit or explicit threats. Note: even if two or more individuals are engaging in consensual conduct, such conduct could constitute harassment of or discrimination against another individual who witnesses or overhears the conduct.

**Investigation Procedure** Everyone is responsible to help ensure that harassment and discrimination do not occur and are not tolerated. An individual who believes that they have been subjected to sexual or other types of harassment or discrimination, or who has witnessed harassment or discrimination, should immediately submit a complaint to their supervisor. If the supervisor receives a complaint of harassment or discrimination, or becomes aware of such conduct, the complaint or conduct shall be immediately reported to the Library Director. The Director shall promptly investigate all complaints and make all reasonable efforts to resolve the matter informally. These efforts may include, but are not limited to, convening conferences with the complainant and/or the accused harasser/discriminator to discuss the complaint and the results of the investigation.

The Director will keep the Board apprised of any reported incidents and the results of the investigation.

If the complainant or the accused is not satisfied with the disposition of the investigation, they may submit in writing an appeal to the Board, who will review the investigation report and make a final decision. The Board may conduct further investigation, if necessary. The right to confidentiality, both of the complainant and of the accused, will be respected consistent with the library policy. The Board will investigate allegations of misconduct and take corrective action when this conduct has occurred. A substantiated complaint against an employee will subject the employee to disciplinary action, up to and including termination.

The Library will also take appropriate action to address a substantiated complaint of discrimination or harassment by a third party or non-employee. ## G. Anti-Censorship Policy

The Bement Public Library District is committed to providing free and open access to information, ideas, and expressions of all perspectives. Intellectual freedom is essential to the democratic principles of our society and we recognize the inherent authority of the library to preserve and make available all expressions of knowledge and creativity. We also understand that censorship, the suppression of ideas or information, undermines these principles and ultimately harms our community.

The Library endeavors to build a collection representing varying points of view. The choice of library materials by users is an individual matter. Responsibility for the reading materials of children and adolescents rests with their parents or legal guardians. While a

person may reject materials for himself or herself and for his or her children, he or she cannot exercise censorship to restrict access to the materials by others. The Library supports intellectual freedom and has adopted the following statement as policy: ALA Freedom to Read Statement, ALA Library Bill of Rights, and the "Freedom to View" statement of the American Film and Video Association.

To that end:

- The Library will not remove or restrict access to any materials in our collection based on personal, political, or religious beliefs, or on the grounds that the content is controversial or offensive to some.
- The Library does not endorse or promote the ideas, opinions, or viewpoints expressed in any materials in our collection. Rather, we believe that our patrons have the right to access a diversity of perspectives and to form their own opinions based on their own critical analysis.
- The Library will resist any attempt to censor or restrict access to our collection, whether it comes from individuals or organizations within or outside of the Library.
- We uphold the American Library Association's Bill of Rights, which states that "Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment."
- The Library Board and Staff reserve the right to place materials in the age section we deem appropriate based on the content of the materials. This decision will be made based on publisher recommendations, professional judgment, and consideration of age appropriateness of the content, as well as the potential interest and needs of our patrons.
- If patrons object to specific material in our collection, we encourage them to express their concerns and engage in respectful dialogue with library staff. We will provide access to alternative materials that may address similar topics or themes. Formal requests for reconsideration may be made only by registered patrons, and shall be made in writing (form provided) and given to the Library Director for a written response. Appeals are directed to the Board for their final decision.

The Library believes that intellectual freedom is a fundamental right of all individuals and that access to information is essential to the functioning of a democratic society. We affirm our commitment to upholding these values and to serving the needs of our diverse community.

# Section XI: American Library Association Statements

The Library Board adopts as part of its policy the following American Library Association Statements.

## I. Library Bill of Rights

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

1. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.
2. Libraries should provide materials and information presenting all points of view on current and historical issues. Material should not be proscribed or removed because of partisan or doctrinal disapproval.
3. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.
4. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.
5. A person's right to use a library should not be denied or abridged because of origin, age, background or views.
6. Libraries which make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

Adopted June 18, 1948

Amended February 2, 1961, June 27, 1967, and January 23, 1980,  
by the ALA Council.

## II. Challenged Materials

The American Library Association declares as a matter of firm principle that it is the responsibility of every library to have a clearly defined materials selection policy in written form which reflects the Library Bill of Rights, and which is approved by the appropriate governing authority.

Challenged materials which meet the materials selection policy of the Library should not be removed under any legal or extralegal pressure. The Library Bill of Rights states in article 1 that "Materials should not be excluded because of the origin, background, or view of those contributing to their creation;" and in article 2, that "Materials should not be proscribed or removed because of partisan or doctrinal disapproval." Freedom of expression is protected by the Constitution of the United States, but constitutionally

protected expression is often separated from unprotected expression only by a dim and uncertain line. The Constitution requires a procedure designed to focus searching on the challenged expression before it can be suppressed. An advisory hearing is part of this procedure.

Therefore, any attempt, be it legal or extralegal, to regulate or suppress materials in libraries must be closely scrutinized to the end that protected expression is not abridged.

### III. Freedom to Read

One of the more widely known documents supporting intellectual freedom is the "Freedom to Read Statement", issued jointly by ALA and the Association of American Publishers. Following is a summary of its important concepts:

1. It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those which are unorthodox or unpopular with the majority.
2. Publishers, librarians, and booksellers do not need to endorse every idea or presentation contained in the books they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what books should be published or circulated.
3. It is contrary to the public interest for publishers or librarians to determine the acceptability of a book on the basis of the personal history or political affiliations of the author.
4. There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.
5. It is not in the public interest to force a reader to accept with any book the prejudgement of a label characterizing the book or author as subversive or dangerous.
6. It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or taste upon the community at large.
7. It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, book men can demonstrate that the answer to a bad book is a good one, the answer to a bad idea is a good idea.

## IV. Freedom to View

The Freedom to View, along with the freedom to speak, to hear, and to read, is protected by the First Amendment to the Constitution of the United States. In a free society, there is no place for censorship of any medium of expression. Therefore, we affirm these principles:

1. It is in the public interest to provide the broadest possible access to films and other audio-visual materials because they have proven to be among the most effective means for the communication of ideas. Liberty of circulation is essential to insure the constitutional guarantee of freedom of expression.
2. It is in the public interest to provide films and other audio-visual materials for our audiences, which represent a diversity of views and expression. Selection of a work does not constitute or imply agreement with or approval of the content.
3. It is our professional responsibility to resist the constraints of labeling or prejudging a film on the basis of the moral, religious, or political beliefs of the producer or filmmaker or on the basis of controversial content.
4. It is our professional responsibility to contest vigorously, by all lawful means, every encroachment upon the public's freedom to view.
